

Llama Care

4-H Record Book Attachment

Answer these questions with as many details as you can think of. Drawings are helpful and welcomed. Please label your drawings. Intermediates and seniors need to answer in writing, but may include drawings, etc. also. A small amount of space is provided here. Please attach additional pages as necessary.

Environment

Describe or draw a picture of an ideal place for a llama to be live. Include the type of shelter, the size, fencing, etc. The more details the better.

Feed

What kind of feed does a llama need to be healthy? How much will a llama eat? Do llamas need any other supplements on a regular basis? What else can you tell me about what llamas eat?

Daily Needs

What kind of care does a llama need on a daily basis? If you are/were to caring for your project llama at your home what would you need to do daily to care for it?

Routine Medical

What are the regular routine medical needs of a healthy llama?

Social and Emotional

Llamas need friends and to know that they won't be isolated just like us. How do you take care that your llama has these needs met?

Equipment

What is the basic equipment you will need to take proper care a llama?
