

PROJECTS CURRENTLY UNDER WAY

Loveland Office: March 1, 2005

Logan County Emergency Management

Provide design alternates for the layout of a new facility that combines a number of county services under one roof.

Fort Lupton Parks Master Plan

Assist the town in mapping, inventory and development of a parks master plan. Includes a number of public meetings and some park system design.

Berthoud Main Street Master Plan

Assist the Main Street Design Committee in preparation of a master plan design for their down town area. Includes a number of public meetings and streetscape design

Phillips County Community Center

Provide design alternates for the layout and design of a community gathering center at the county fair grounds.

Frederick Town Entry

Provide design alternates for the layout and design of methods for screening maintenance yard and oil pump facilities at the town entry off the Interstate Highway exit ramp.

52-85 Trails Master Plan

Assist 5 communities and the county in mapping and preparation of a conceptual master plan for a linking trails network.

Haxtun Library - School

Provide design alternatives for the layout and use of a school library and day care center.

More to come
